Dear Sir,

Owing to my absence abroad I have just received your letter of the 6th December. It is of course much too late to think of doing as you say, but I hope you had an excellent Christmas Number and that your life may be long upon earth and beat the record of all University Magazines.

Faithfully yours

S.R. Crockett

p.s. Pardon my secretary and myself if we have misnamed you. It was the best we could make of your rather cryptic signature.
