My Dear Unwin

I thought from the title page that you had got Whistler to do the lithograph. I'll write to him today. I can't come to town just now - my wife is very ill and there seems no chance of my getting up before September. if JMW can't do the lithograph there is a very good and manly photograph which I'll send.

ever truly yours

SR Crockett

I'll see about the volume of love stories when I come up. I am thinking of it.
